EDUCATION

Silver Oak University, Ahmedabad

B.Tech in Computer Science & Engineering

2023 – Pursuing

CGPA: 8.5 / 10.0

- **Coursework:** Data Structures & Algorithms, Full Stack Web Development, Software Engineering, Operating Systems, Computer Architecture, AI-ML, Cyber Security, Basics of IoT

Swastik Science School, Rajkot

HSC – Class 12 (Science – Group A)

2022 – 2023

60%

- Core Subjects: Physics, Chemistry, Mathematics; also studied Computer basics including HTML, CSS, and IT services.

Shree Swaminarayan Gurukul Gyanbag International School, Junagadh

SSC – Class 10 (CBSE Board)

2020 – 2021

81%

- Subjects: Social Studies, Science, Mathematics, Computer; Additional: Communication in English and Hindi.

EXPERIENCE

Enjay IT Solutions Ltd., Bhilad

Software Development Intern

May 2026 – Jun 2026

1 Month

- Worked on Real Solar CRM software — contributed to basic frontend development and gained hands-on knowledge of CRM architecture and workflows.
- Explored customer relationship management modules, understanding how sales pipelines and lead tracking are implemented in production systems.

PROJECTS

Personal Portfolio Website

HTML5, CSS3, JavaScript, Python (Django), SQLite

- Developed a full-stack personal portfolio with a responsive UI using HTML5 and CSS3, and a Django-powered backend for dynamic content.
- Integrated SQLite database for persisting user contact form submissions and managing dynamic project content.
- Implemented admin features and form handling to allow seamless content updates without code changes.

Sales CRM System

HTML, Bootstrap, JavaScript, Python (Django)

- Built a full-featured CRM to manage leads, track customer interactions, and visualize the sales pipeline in real time.
- Implemented role-based access control with separate admin and user dashboards, ensuring secure and scoped data access.

- Designed a clean, Bootstrap-based responsive UI to support cross-device usage for sales teams.

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript

Frontend: HTML5, CSS3, JavaScript (DOM Manipulation, Responsive UI Design)

Backend: Python (Django / Flask), Basic REST API Development, PHP

Databases: SQLite, SQL (Data Modeling, CRUD Operations), MongoDB

Tools: Git, GitHub, Visual Studio Code, Basic Cybersecurity Practices, IoT Concepts

CERTIFICATIONS

NPTEL – Java Programming • [IIT Kharagpur](#)

Core Java concepts, OOP principles, data structures in Java

Python Technology Concepts • [Patel Web Solution](#)

Python fundamentals, scripting, web development basics with Python
